

The following companies, **listed in alphabetical order**, may be able to assist you in selecting recycled tire products and / or providing installation services for your project. Please note this list of companies is not exhaustive. It is expected that applicants will conduct their own research in options available and perform their own due diligence in selecting a product and / or installer.

It is highly recommended that the applicant request reference checks for the installer’s work in BC. Preference will be given to projects that use a BC installer.
