### Dive into PICTUS

PICTUS is TSBC's e-commerce platform that allows you to:

- Submit your Advance Disposal Fee (ADF) returns and payment.
- Monitor your account balance.
- Manage your company's contact information.
- Determine who in your company has access to your data.
- **NEW** - Access your records of scrap tire collection.

It is **very important that you keep your business information in PICTUS up to date**, especially the contact information for each user. If you don't, TSBC will have no way of reaching you and you may miss important information or changes to the program.
