

Tire Stewardship BC is writing to you to provide notice that the Advance Disposal Fee (ADF) will be raised on the Medium Truck (MT) tires to \$21.00 as of April 01, 2026. The ADF on all other tires remain unchanged – a complete listing can be found [here](#).

Medium Truck Tires	Also commonly known as Commercial Truck Tires – Truck and Bus tires including Wide Base or Heavy Truck tires designed for truck/bus applications and Larger RV (Recreational Vehicle) tires not marked "P or LT" (Passenger or Light Truck), all of which comply with Canadian Motor Vehicle Safety Standard (CMVSS No.119).
---------------------------	--

The increase is being implemented to maintain program sustainability and address the gap between the ADF remitted and the actual cost of recycling these tires.

For more information to better understand the important role retailers play in our program, please visit the [Retailer Hub](#).

The TSBC team can be reached at ecofees@tsbc.ca or by phone at 1.866.759.0488

[TSBC](#) is a not-for-profit society incorporated under the BC Societies Act responsible for delivering BC 's scrap tire recycling program, on behalf of the obligated party (the retailer), in accordance with the [BC Recycling Regulation](#) and its approved [Extended Producer Responsibility Plan](#).
